AT A GLANCE

REFERENCE	BE-HST-L
AWARD	Certificate
ASSESSMENT	430 marks — 258 to pass (60%)
PREREQUISITES	None
VALIDITY	Lifetime
AWARDING BODY	LAPT — London Academy of Professional Training

CURRICULUM

1

Advanced Scalp Anatomy and Physiology

5 chapters · 30 classes85 marks

• 1 Chapter 1 — Cellular Structure of the Scalp — 6 classes

› 1.1 Exploring the Cellular Structure of the Scalp

› 1.2 Identifying Key Cell Types in Scalp Anatomy

› 1.3 Understanding the Role of Keratinocytes in Scalp Health

› 1.4 Analyzing the Function of Fibroblasts in Scalp Tissue

› 1.5 Investigating the Role of Sebaceous Glands at the Cellular Level

› 1.6 Applying Cellular Knowledge to Diagnose Scalp Disorders

• 2 Chapter 2 — Scalp Circulatory and Nervous Systems — 6 classes

› 2.1 Explore the Structure of Scalp Blood Vessels

› 2.2 Understand the Role of Capillaries in Scalp Health

› 2.3 Analyze the Function of Nerve Endings in Scalp Sensation

› 2.4 Examine Neural Pathways and Scalp Reactions

› 2.5 Investigate Blood Circulation and Hair Follicle Nourishment

› 2.6 Apply Knowledge of Scalp Circulation and Nerves in Diagnosis

• 3 Chapter 3 — Sebaceous Glands and Scalp Homeostasis — 6 classes

› 3.1 Explore the Structure and Function of Sebaceous Glands

› 3.2 Understand the Role of Sebum in Scalp Health

› 3.3 Analyze the Impact of Sebaceous Gland Dysfunction on the Scalp

› 3.4 Investigate Conditions Resulting from Sebum Imbalance

› 3.5 Examine Factors Influencing Sebaceous Gland Activity

› 3.6 Implement Strategies to Maintain Scalp Homeostasis

• 4 Chapter 4 — Scalp Pathophysiology and Common Disorders — 6 classes

› 4.1 Understanding Scalp Pathophysiology: An Overview

› 4.2 Identifying Inflammatory Scalp Disorders

› 4.3 Analyzing Non-inflammatory Scalp Disorders

› 4.4 Exploring Hair Loss Mechanisms and Patterns

› 4.5 Recognizing Symptoms and Early Warning Signs

› 4.6 Applying Diagnostic Techniques in Scalp Disorders

• 5 Chapter 5 — Diagnostic Techniques and Case Studies in Scalp Health — 6 classes

› 5.1 Understanding Scalp Diagnostic Tools and Techniques

› 5.2 Analyzing Hair and Scalp Conditions through Microscopy

› 5.3 Integrating Trichoscopy for Detailed Scalp Assessment

› 5.4 Interpreting Trichoscopic Patterns and Indicators

› 5.5 Conducting Case Studies: Identifying Common Scalp Disorders

› 5.6 Applying Diagnostic Results to Formulate Treatment Plans

• 1 Understanding Scalp Anatomy and Physiology — 6 classes

- › 1.1 Exploring the Structure of the Scalp
- › 1.2 Identifying Layers and Components of Scalp Skin
- › 1.3 Understanding Blood Supply and Nerve Function in the Scalp
- › 1.4 Examining Sebaceous and Sweat Glands Functions
- › 1.5 Analyzing Hair Follicle Dynamics
- › 1.6 Applying Scalp Anatomy to Diagnose Disorders

• 2 Common Scalp Disorders: Identification and Symptoms — 6 classes

- › 2.1 Understanding the Anatomy of the Scalp
- › 2.2 Recognizing Symptoms of Common Scalp Disorders
- › 2.3 Identifying Causes and Risk Factors
- › 2.4 Distinguishing Between Scalp Disorders
- › 2.5 Diagnosing Based on Symptom Patterns
- › 2.6 Applying Diagnostic Techniques in Practice

• 3 Advanced Diagnostic Techniques for Scalp Conditions — 6 classes

- › 3.1 Understanding Trichoscopy: Theory and Practice
- › 3.2 Identifying Scalp Disorders Through Dermoscopy
- › 3.3 Analyzing Scalp Biopsy Samples for Accurate Diagnosis
- › 3.4 Utilizing Blood Tests and Hormonal Profiles in Scalp Disorders
- › 3.5 Interpreting Lab Results to Differentiate Scalp Conditions
- › 3.6 Formulating Diagnostic Plans Based on Case Studies

• 4 Comprehensive Treatment Modalities and Therapies — 6 classes

- › 4.1 Understanding Scalp Anatomy for Effective Treatment
- › 4.2 Identifying Common Scalp Disorders
- › 4.3 Exploring Non-Medical Therapies for Scalp Health
- › 4.4 Implementing Medical Treatments for Scalp Conditions
- › 4.5 Evaluating the Efficacy of Popular Treatment Modalities
- › 4.6 Personalizing Treatment Plans for Scalp Disorders

• 5 Case Studies and Professional Practice in Trichology — 6 classes

- › 5.1 Evaluating Trichological Case Histories
- › 5.2 Identifying Key Scalp Disorders in Practice
- › 5.3 Analyzing Diagnostic Test Results in Trichology
- › 5.4 Developing Treatment Plans for Scalp Disorders
- › 5.5 Implementing Patient Management Strategies
- › 5.6 Reflecting on Professional Practice and Ethics in Trichology

• 1 Chapter 1 — Foundations of Trichological Science — 6 classes

- › 1.1 Understanding Trichological Science: An Overview
- › 1.2 Exploring Hair Growth Cycles and Patterns
- › 1.3 Uncovering the Biology of the Scalp and Hair
- › 1.4 Identifying Common Scalp Disorders and Their Causes
- › 1.5 Analyzing Advances in Diagnostic Techniques for Scalp Disorders
- › 1.6 Applying Scientific Innovations in Trichology Treatments

• 2 Chapter 2 — Diagnostic Innovations in Scalp Analysis — 6 classes

- › 2.1 Understanding Scalp Anatomy for Effective Diagnosis
- › 2.2 Exploring Modern Tools for Scalp Analysis
- › 2.3 Utilizing Trichoscopy in Scalp Disorder Identification
- › 2.4 Interpreting Diagnostic Images for Accurate Results
- › 2.5 Implementing Data-Driven Techniques in Scalp Assessment
- › 2.6 Translating Diagnostic Innovations into Treatment Plans

• 3 Chapter 3 — Advanced Hair Loss Treatments and Therapies — 6 classes

- › 3.1 Understanding Hair Loss Pathophysiology
- › 3.2 Exploring Pharmacological Interventions for Hair Loss
- › 3.3 Investigating Non-Pharmacological Therapies
- › 3.4 Analyzing the Role of Platelet-Rich Plasma in Hair Restoration
- › 3.5 Evaluating the Effectiveness of Low-Level Laser Therapy
- › 3.6 Integrating Advanced Treatments into Practice

• 4 Chapter 4 — Product Innovations and Formulation Science — 6 classes

- › 4.1 Understanding the Basics of Product Formulation
- › 4.2 Exploring Novel Ingredients in Trichology
- › 4.3 Analyzing the Role of Technology in Product Innovation
- › 4.4 Examining the Impact of Formulation on Scalp Health
- › 4.5 Evaluating Safety and Efficacy in New Products
- › 4.6 Applying Innovative Solutions to Trichological Challenges

• 5 Chapter 5 — Sustainable and Ethical Practices in Trichology — 6 classes

- › 5.1 Understanding Sustainability in Trichology
- › 5.2 Exploring Ethical Sourcing of Trichological Materials
- › 5.3 Implementing Eco-Friendly Practices in Salons
- › 5.4 Analyzing the Impact of Trichology on the Environment
- › 5.5 Evaluating Certifications and Standards for Ethical Trichology
- › 5.6 Creating an Action Plan for Sustainable Trichology Practices

• 1 Chapter 1 — Foundations of Leadership in Hair Health — 6 classes

- › 1.1 Understanding Leadership Principles in Hair Health
- › 1.2 Exploring the Role of a Trichology Leader
- › 1.3 Developing Effective Communication Strategies for Scalp Issues
- › 1.4 Building a Team-Oriented Approach in Hair Health Management
- › 1.5 Implementing Ethical Practices in Trichology Leadership
- › 1.6 Applying Conflict Resolution Skills in Hair Health Settings

• 2 Chapter 2 — Building and Leading Effective Teams in Trichology — 6 classes

- › 2.1 Understanding Team Dynamics in Trichology
- › 2.2 Identifying Key Roles and Responsibilities in Hair Health Teams
- › 2.3 Cultivating Effective Communication Skills in Trichology Teams
- › 2.4 Implementing Collaborative Problem Solving in Scalp Health Management
- › 2.5 Enhancing Team Motivation and Engagement in Hair Care Initiatives
- › 2.6 Evaluating Team Performance and Outcomes in Trichology Projects

• 3 Chapter 3 — Advanced Client Relations and Ethical Leadership — 6 classes

- › 3.1 Enhancing Communication: Building Trust with Clients
- › 3.2 Navigating Ethical Dilemmas: Decision-Making in Trichology
- › 3.3 Cultivating Empathy: Understanding Client Needs and Concerns
- › 3.4 Implementing Confidentiality: Best Practices in Client Data Handling
- › 3.5 Managing Expectations: Setting Clear Boundaries and Goals
- › 3.6 Leading with Integrity: Promoting Ethical Standards in Hair Health

• 4 Chapter 4 — Innovative Leadership in Hair Health Services — 6 classes

- › 4.1 Exploring Innovative Leadership in Trichology
- › 4.2 Understanding Emerging Trends in Hair Health Services
- › 4.3 Integrating Innovative Practices in Scalp Disorder Management
- › 4.4 Fostering a Culture of Innovation in Hair Health Teams
- › 4.5 Developing a Visionary Approach to Client Care
- › 4.6 Implementing Change for Enhanced Hair Health Services

• 5 Chapter 5 — Strategic Leadership and Business Growth in Trichology — 6 classes

- › 5.1 Understanding Strategic Leadership in Trichology
- › 5.2 Analyzing Market Trends for Business Growth
- › 5.3 Developing Vision and Mission Statements for Hair Health Clinics
- › 5.4 Implementing Effective Leadership Styles in Trichology
- › 5.5 Creating Growth Strategies for Trichology Practices
- › 5.6 Evaluating Success Through Key Performance Indicators

• 1 Understanding the Foundations of Strategic Planning in Trichology — 6 classes

- › 1.1 Defining Strategic Planning in Trichology
- › 1.2 Identifying Core Elements of a Trichology Business Strategy
- › 1.3 Conducting SWOT Analysis for Trichology Services
- › 1.4 Setting Goals and Objectives in Scalp Health Management
- › 1.5 Analyzing Market Trends in Trichology
- › 1.6 Implementing Strategic Plans for Client Success

• 2 Market Analysis and Client Segmentation in Trichology — 6 classes

- › 2.1 Understanding Market Trends in Trichology
- › 2.2 Identifying Key Client Demographics
- › 2.3 Segmenting Clients by Needs and Preferences
- › 2.4 Analyzing Competitive Market Landscapes
- › 2.5 Utilizing Data for Client Segmentation Strategies
- › 2.6 Implementing Market Analysis in Client Planning

• 3 Developing a Client-Centric Service Model for Scalp Care — 6 classes

- › 3.1 Understanding Client Needs in Scalp Care
- › 3.2 Designing a Scalp Care Service Blueprint
- › 3.3 Implementing Client Feedback Mechanisms
- › 3.4 Creating Personalized Scalp Treatment Plans
- › 3.5 Managing Client Relationships Effectively
- › 3.6 Assessing and Enhancing Client Satisfaction

• 4 Implementing Strategic Plans with Effective Client Management Techniques — 6 classes

- › 4.1 Understanding Strategic Planning Concepts in Trichology
- › 4.2 Analyzing Client Needs for Effective Plan Formulation
- › 4.3 Aligning Trichology Services with Strategic Objectives
- › 4.4 Implementing Client-Centric Management Strategies
- › 4.5 Monitoring and Adjusting Strategic Plans for Improved Outcomes
- › 4.6 Evaluating the Success of Client Management Techniques

• 5 Evaluating Success and Adapting Strategies in Trichology Leadership — 6 classes

- › 5.1 Understanding Key Performance Indicators in Trichology
- › 5.2 Analyzing Client Feedback for Improved Services
- › 5.3 Assessing Staff Performance Against Strategic Goals
- › 5.4 Interpreting Financial Data for Strategic Adjustments
- › 5.5 Utilizing Technology for Enhanced Client Management
- › 5.6 Adapting Strategies Based on Market Trends

• 1 The Fundamentals of Trichological Products — 6 classes

- › 1.1 Understanding the Basics of Trichological Products
- › 1.2 Exploring the Ingredients in Trichological Products
- › 1.3 Analyzing the Role of Different Formulations
- › 1.4 Examining the Safety Standards for Trichological Products
- › 1.5 Evaluating the Efficacy of Product Performance
- › 1.6 Applying Knowledge to Create a Sample Trichological Product

• 2 Ingredient Analysis and Efficacy — 6 classes

- › 2.1 Understanding Key Trichological Ingredients
- › 2.2 Analyzing Active Ingredient Structures
- › 2.3 Evaluating Ingredient Efficacy in Scalp Products
- › 2.4 Investigating Natural vs Synthetic Ingredients
- › 2.5 Linking Ingredient Properties to Scalp Benefits
- › 2.6 Applying Ingredient Knowledge in Product Development

• 3 Formulation Strategies in Trichology — 6 classes

- › 3.1 Understanding Hair and Scalp Chemistry
- › 3.2 Analyzing Active Ingredients for Scalps
- › 3.3 Exploring Formulation Techniques
- › 3.4 Evaluating Product Stability and Safety
- › 3.5 Designing Target-Specific Formulas
- › 3.6 Applying Quality Control in Formulation Development

• 4 Innovations and Trends in Trichological Products — 6 classes

- › 4.1 Exploring the Evolution of Trichological Products
- › 4.2 Identifying Key Trends in Scalp Care Formulations
- › 4.3 Analyzing Sustainable Ingredients in Hair and Scalp Products
- › 4.4 Evaluating the Impact of Technology on Product Development
- › 4.5 Investigating the Role of Consumer Preferences in Product Innovation
- › 4.6 Forecasting Future Directions in Trichological Product Advancements

• 5 Testing, Evaluation, and Market Launch — 6 classes

- › 5.1 Understanding the Testing Process for Trichological Products
- › 5.2 Identifying Key Evaluation Metrics in Product Assessment
- › 5.3 Implementing Safety Protocols in Product Testing
- › 5.4 Conducting Effective User Trials and Feedback Collection
- › 5.5 Analyzing Evaluation Data to Optimize Product Results
- › 5.6 Designing a Successful Market Launch Strategy for New Products
