AWARDING BODY	LAPT — London Academy of Professional Training

CURRICULUM

1

ISO DIV Foundation

7 chapters · 42 classes100 marks

• 4 Clause 4: Context of the Organisation — 6 classes

› Identifying the Organisation's Role in User Interface Accessibility

› Analyzing Interested Parties in ISO 30071 Compliance

› Defining the Scope of Accessibility in IT Development

› Understanding Management System Boundaries for Accessibility Initiatives

› Mapping Stakeholder Influence on User Interface Accessibility

› Establishing Context for ISO 30071 Implementation in Organisations

• 5 Clause 5: Leadership — 6 classes

› Understanding Leadership Commitment in User Interface Accessibility

› Developing Policies for ISO 30071 Compliance

› Defining Roles in User Interface Accessibility Leadership

› Establishing Responsibilities under ISO 30071

› Authority and Governance in User Interface Accessibility

› Strategic Leadership for Accessible Information Technology

• 6 Clause 6: Planning — 6 classes

› Identifying Risks to User Interface Accessibility in Development

› Opportunities for Enhancing User Experience Accessibility

› Setting Objectives for Accessible User Interface Design

› Strategic Planning for Inclusive Technology Development

› Measuring Success in User Interface Accessibility Goals

› Integrating Accessibility into Project Management Practices

• 7 Clause 7: Support — 6 classes

› Resources for Implementing ISO 30071 Accessibility Standards

› Developing Competence in User Interface Accessibility

› Raising Awareness of ISO 30071 Principles

› Effective Communication Strategies in Accessibility Initiatives

› Documenting Information for ISO 30071 Compliance

› Best Practices for Supporting User Interface Accessibility

• 8 Clause 8: Operation — 6 classes

› Understanding Operational Planning in ISO 30071

› Key Control Measures for User Interface Accessibility

› Implementing Accessibility Standards in Operational Processes

› Monitoring and Reviewing Operational Effectiveness in ISO 30071

› Documenting Procedures for User Interface Accessibility Operations

› Challenges in Operational Control for Accessibility Compliance

• 9 Clause 9: Performance Evaluation — 6 classes

› Monitoring User Interface Accessibility Compliance for ISO 30071

› Measuring Effectiveness of Accessible User Interfaces

› Analysing User Feedback in Accessibility Evaluation

› Internal Audits for ISO 30071 Performance Assessment

› Conducting Management Reviews for User Interface Accessibility

› Evaluating Accessibility Metrics for Continuous Improvement

• 10 Clause 10: Improvement — 6 classes

› Identifying Nonconformity in User Interface Accessibility

› Implementing Corrective Actions for Accessibility Issues

› Evaluating the Effectiveness of Accessibility Improvements

› Establishing a Framework for Continual Improvement

› Documenting Nonconformities in User Interface Development

› Best Practices for Enhancing User Accessibility Over Time

• CH1 Understanding ISO 30071 and Its Importance — 6 classes

- › Overview of ISO 30071 Framework and Principles
- › Understanding User Interface Accessibility Requirements
- › The Role of Accessibility in Diversity and Inclusion
- › Identifying Stakeholders in ISO 30071 Implementation
- › Benefits of Implementing ISO 30071 for Organisations
- › Common Challenges in User Interface Accessibility

• CH2 Conducting a Gap Analysis for Compliance — 6 classes

- › Introduction to Gap Analysis Methodology
- › Assessing Current Accessibility Practices
- › Identifying Discrepancies Against ISO 30071
- › Utilising User Feedback for Gap Identification
- › Prioritising Gaps Based on Impact
- › Developing Action Plans from Gap Analysis

• CH3 Effective Project Planning for ISO 30071 — 6 classes

- › Creating a Project Charter for Accessibility Initiatives
- › Defining Scope, Goals, and Deliverables
- › Timeline Development for ISO 30071 Implementation
- › Resource Allocation and Budgeting Strategies
- › Risk Management Planning for Accessibility Projects
- › Setting Milestones and Objectives for Progress Tracking

• CH4 Documentation and Stakeholder Communication — 6 classes

- › Creating an Accessibility Documentation Framework
- › Effective Communication Strategies for Stakeholders
- › Establishing an Accessibility Reporting Mechanism
- › Training Stakeholders on ISO 30071 Standards
- › Maintaining Documentation for Continuous Improvement
- › Utilising Technology for Enhanced Communication

• CH5 Preparing for Internal Audits and Certification — 6 classes

- › Developing an Internal Audit Plan for ISO 30071
- › Conducting Effective Accessibility Audits
- › Identifying Non-Conformities and Areas for Improvement
- › Preparing for Certification Readiness Assessment
- › Engaging with Auditors for a Smooth Process
- › Implementing Corrective Actions Post-Audit

• CH1 Understanding ISO 30071 and Its Importance — 6 classes

- › Introduction to ISO 30071
- › Key Principles of User Interface Accessibility
- › The Impact of Accessibility on Digital Inclusion
- › ISO DIV-ACC-30071 Compliance Requirements
- › Understanding User Needs in Accessible Design
- › Case Studies: Successful Implementation of ISO 30071

• CH2 Integrating ISO Skills within Industry Sectors — 6 classes

- › Mapping ISO Standards to Industry Needs
- › Sector-Specific Applications of ISO 30071
- › Collaboration with Industry Professionals
- › Leveraging ISO for Competitive Advantage
- › Identifying Accessibility Gaps in Various Industries
- › Future Trends in Accessibility Standards and Practices

• CH3 Effective Consultant Branding and Positioning — 6 classes

- › Building Your Consultant Brand
- › Creating a Unique Value Proposition
- › Marketing Strategies for Accessibility Consulting
- › Networking in the Accessibility Sector
- › Online Presence: Portfolios and Social Media
- › Presenting Yourself as an ISO Expert

• CH4 Developing Client Advisory Services — 6 classes

- › Understanding Client Needs and Expectations
- › Tailoring Advisory Services for Different Sectors
- › Effective Communication with Clients
- › Creating Accessibility Audits and Reports
- › Recommendations for ISO 30071 Implementation
- › Measuring Success: KPIs for Accessibility Projects

• CH5 Building a Successful Consulting Practice — 6 classes

- › Foundations of a Consulting Business
- › Structuring Your Services and Pricing
- › Tools and Resources for Accessibility Consulting
- › Managing Clients and Projects Effectively
- › Scaling Your Consulting Practice
- › Ethics and Best Practices in Consulting
