CURRICULUM

1

Pool Operations and Water Quality

32 chapters · 177 classes **100 marks**

- **1 Basics of Water Quality** — 4 classes
  - 1.1 Importance of Water Quality
  - 1.2 Understanding Water Sources
  - 1.3 Physical Properties of Water
  - 1.4 Common Water Contaminants
- **2 Chemical Balance and Testing** — 4 classes
  - 2.1 pH Levels in Water
  - 2.2 Chlorine and Its Role
  - 2.3 Testing Water Samples
  - 2.4 Adjusting Chemical Levels
- **3 Maintaining Safe Water Standards** — 4 classes
  - 3.1 Regular Water Testing Procedures
  - 3.2 Identifying Unsafe Conditions
  - 3.3 Implementing Safety Protocols
  - 3.4 Emergency Water Treatment
- **1 Introduction to Pool Equipment** — 4 classes
  - 1.1 Types of Pool Equipment
  - 1.2 Basic Pool Components
  - 1.3 Safety Features of Equipment
  - 1.4 Operating Pool Equipment Safely
- **2 Daily Maintenance Procedures** — 4 classes
  - 2.1 Routine Cleaning Tasks
  - 2.2 Checking Water Levels
  - 2.3 Equipment Inspection Checklist
  - 2.4 Record Keeping for Maintenance
- **3 Understanding Filtration Systems** — 4 classes
  - 3.1 Purpose of Filtration Systems
  - 3.2 Types of Filtration Systems
  - 3.3 Maintaining Filtration Equipment
  - 3.4 Troubleshooting Filtration Issues
- **1 Foundations of Water Safety: Understanding Aquatic Environments** — 6 classes
  - 1.1 Identify Key Types of Aquatic Environments
  - 1.2 Analyze the Characteristics of Safe vs. Unsafe Water
  - 1.3 Explore the Role of Environmental Factors in Water Safety
  - 1.4 Recognize Common Hazards in Aquatic Settings
  - 1.5 Develop Strategies for Enhancing Water Safety Awareness
  - 1.6 Apply Water Safety Concepts to Real-World Scenarios
- **2 Emergency Response Protocols: Lifeguarding Essentials** — 6 classes
  - 2.1 Identify Emergency Signals and Situations
  - 2.2 Assessing Victim Condition and Call for Assistance
  - 2.3 Perform Effective Rescue Techniques and Procedures
  - 2.4 Execute Basic First Aid and CPR Protocols
  - 2.5 Conduct Post-Rescue Recovery and Reporting
  - 2.6 Review and Practice Emergency Communication Methods
- **3 Effective Surveillance Techniques: Monitoring and Prevention** — 6 classes
  - 3.1 Identify Key Surveillance Techniques for Water Safety
  - 3.2 Analyze the Importance of Monitoring Patterns in Pool Environments
  - 3.3 Apply Observation Skills to Recognize Potential Hazards
  - 3.4 Develop Strategies for Preventing Water-Related Accidents
  - 3.5 Implement Emergency Response Protocols for Discovered Risks
  - 3.6 Evaluate the Effectiveness of Surveillance in Real-Life Scenarios
- **4 Community Engagement: Promoting Water Safety Awareness** — 6 classes
  - 4.1 Identify Key Water Safety Risks in Communities
  - 4.2 Develop Engaging Water Safety Awareness Campaigns
  - 4.3 Explore Effective Communication Strategies for Safety Messaging
  - 4.4 Collaborate with Local Organizations for Water Safety Initiatives
  - 4.5 Create Educational Materials for Water Safety Workshops
  - 4.6 Evaluate the Impact of Community Water Safety Programs
- **5 Emergency Scenario Management: Practical Application and Evaluation** — 6 classes
- **2 Operational Standards and Regulations** — 6 classes
  - 2.1 Define Key Operational Standards in Pool Management
  - 2.2 Identify Relevant Regulations for Hospitality Pool Operations
  - 2.3 Analyze the Impact of Compliance on Safety and Guest Experience
  - 2.4 Develop Standard Operating Procedures for Pool Staff
  - 2.5 Evaluate Methods for Monitoring and Maintaining Regulatory Compliance
  - 2.6 Implement a Continuous Improvement Plan for Operational Standards
- **3 Emergency Procedures and Response Protocols** — 6 classes
  - 3.1 Identify Emergency Situations in Pool Operations
  - 3.2 Understand Legal Responsibilities and Liability in Emergencies
  - 3.3 Learn the Steps of Emergency Response Protocols
  - 3.4 Practice Effective Communication During Emergency Situations
  - 3.5 Demonstrate First Aid and CPR Techniques for Pool Incidents
  - 3.6 Evaluate and Review Emergency Response Scenarios
- **4 Staff Training and Swim Instruction Techniques** — 6 classes
  - 4.1 Assessing Staff Training Needs for Pool Operations
  - 4.2 Designing Engaging Swim Instruction Sessions
  - 4.3 Implementing Effective Communication Techniques for Instructors
  - 4.4 Demonstrating Safety Protocols to Staff and Swimmers
  - 4.5 Evaluating Swim Instruction Methods: Best Practices
  - 4.6 Role-Playing Difficult Scenarios in Swim Instruction
- **5 Advanced Risk Management and Incident Reporting** — 6 classes
  - 5.1 Identify and Assess Potential Risks in Pool Operations
  - 5.2 Analyze Historical Incident Reports to Recognize Patterns
  - 5.3 Develop Effective Risk Mitigation Strategies for Different Scenarios
  - 5.4 Implement Emergency Response Procedures for Pool Incidents
  - 5.5 Create Comprehensive Incident Reporting Templates
  - 5.6 Evaluate the Effectiveness of Risk Management Practices in Hospitality Pools
- **1 Understanding Water Chemistry Basics** — 6 classes
  - 1.1 Introduction to Water Chemistry
  - 1.2 pH Levels and Their Importance
  - 1.3 Dissolved Solids and Their Effects
  - 1.4 Understanding Water Hardness
  - 1.5 Chemical Properties of Water
  - 1.6 Role of Water in Aquatic Environments
- **2 Testing and Monitoring Water Quality** — 6 classes
  - 2.1 Methods of Water Testing
  - 2.2 Interpreting Water Test Results
  - 2.3 Using Testing Equipment Effectively
  - 2.4 Regular Monitoring Practices
  - 2.5 Identifying Water Quality Issues
  - 2.6 Documenting Water Quality Data
- **3 Chemical Treatment Procedures** — 6 classes
  - 3.1 Introduction to Chemical Treatments
  - 3.2 Chlorination Techniques and Dosage
  - 3.3 Using Algaecides Safely
  - 3.4 Balancing Water Chemistry with Chemicals
  - 3.5 Emergency Chemical Procedures
  - 3.6 Handling and Storing Chemicals
- **4 Preventing Algae and Contaminants** — 6 classes
  - 4.1 Understanding Algae Growth Factors
  - 4.2 Preventive Measures for Algae Control
  - 4.3 Identifying Common Contaminants
  - 4.4 Water Filtration Techniques
  - 4.5 Maintaining Clean Pool Surfaces
  - 4.6 Seasonal Maintenance for Water Quality
- **5 Regulatory Standards for Water Quality** — 6 classes
  - 5.1 Overview of Water Quality Regulations
  - 5.2 Compliance with Local Standards
  - 5.3 Reporting Water Quality Issues
  - 5.4 Understanding Inspection Processes
  - 5.5 Consequences of Non-Compliance
  - 5.6 Staying Updated on Regulations

2 **Lifeguarding and Rescue** 20 chapters · 129 classes **100 marks**

- **1 Understanding Aquatic Safety: Principles and Responsibilities** — 5 classes
  - 1.1 Define Key Concepts of Aquatic Safety
  - 1.2 Identify Common Aquatic Hazards and Risks
  - 1.3 Explore Lifeguard Responsibilities During Operations
  - 1.4 Analyze Emergency Protocols for Aquatic Incidents
  - 1.5 Apply Aquatic Safety Principles in Real-Life Scenarios
- **2 Essential First Aid Techniques for Aquatic Environments** — 5 classes
  - 2.1 Understand the Importance of First Aid in Aquatic Settings
  - 2.2 Identify Common Aquatic Injuries and Emergencies
  - 2.3 Demonstrate Basic CPR Techniques for Lifeguards
  - 2.4 Practice the Recovery Position for Aquatic Incidents
  - 2.5 Apply First Aid Skills in Simulated Aquatic Scenarios
- **3 CPR and Emergency Response Procedures** — 5 classes
  - 3.1 Understand the Importance of CPR in Emergency Situations
  - 3.2 Identify the Steps of CPR: A Step-by-Step Guide
  - 3.3 Demonstrate Proper CPR Techniques on a Manikin
  - 3.4 Recognize Signs Indicating the Need for CPR and Emergency Response
  - 3.5 Practice Emergency Response Scenarios and Role-Playing
- **4 Risk Assessment and Management in Hospitality Aquatic Facilities** — 5 classes
  - 4.1 Identify Common Risks in Aquatic Facilities
  - 4.2 Assess and Evaluate Risk Levels in Hospitality Settings
  - 4.3 Develop Effective Risk Management Strategies
  - 4.4 Implement Emergency Procedures for Aquatic Incidents
  - 4.5 Review and Improve Risk Assessment Practices
- **1 Introduction to Lifeguarding** — 5 classes
  - 1.1 Role of a Lifeguard
  - 1.2 Lifeguard Equipment Overview
  - 1.3 Understanding Aquatic Environments
  - 1.4 Communication Skills for Lifeguards
  - 1.5 Legal Responsibilities of Lifeguards
- **2 Rescue Procedures and Techniques** — 5 classes
  - 2.1 Basic Rescue Techniques
  - 2.2 Using Rescue Equipment
  - 2.3 Water Rescue Strategies
  - 2.4 Victim Assessment and Approach
  - 2.5 Post-Rescue Care
- **3 Emergency Response Protocols** — 6 classes
  - 3.1 Assessing Emergency Situations
  - 3.2 Activating Emergency Plans
  - 3.3 Coordinating with Emergency Services
  - 3.4 First Response Techniques
  - 3.5 Post-Incident Review
  - 3.6 Crisis Management Strategies
- **4 Scenario-Based Rescue Drills** — 5 classes
  - 4.1 Conducting Rescue Drills
  - 4.2 Simulating Real-Life Scenarios
  - 4.3 Teamwork in Rescue Operations
  - 4.4 Evaluating Drill Performance
  - 4.5 Improving Response Techniques
- **1 Lifeguard Responsibilities and Ethics** — 6 classes
  - 1.1 Understanding Lifeguard Duties
  - 1.2 Ethical Decision Making
  - 1.3 Professional Conduct Standards
  - 1.4 Reporting and Documentation
  - 1.5 Maintaining Vigilance
  - 1.6 Role of Lifeguard in Community
- **2 Advanced Rescue Techniques** — 6 classes
  - 2.1 Use of Rescue Equipment
  - 2.2 Water Entry and Exit Techniques
  - 2.3 In-Water Rescue Strategies
  - 2.4 Rescue Breathing Techniques
- **4 Communication and Teamwork in Emergencies** — 6 classes
  - 4.1 Effective Communication Skills
  - 4.2 Team Roles in Emergencies
  - 4.3 Conflict Resolution Techniques
  - 4.4 Building Trust Among Team Members
  - 4.5 Drills and Simulation Exercises
  - 4.6 Feedback and Improvement
- **5 Case Studies of Rescue Scenarios** — 6 classes
  - 5.1 Analyzing Successful Rescues
  - 5.2 Lessons from Failed Rescues
  - 5.3 Comparative Analysis of Techniques
  - 5.4 Real-Life Rescue Stories
  - 5.5 Identifying Best Practices
  - 5.6 Developing Action Plans
- **1 Basics of Lifeguarding** — 6 classes
  - 1.1 Understanding Lifeguard Responsibilities
  - 1.2 Lifeguard Equipment Overview
  - 1.3 Lifeguard Training Essentials
  - 1.4 Legal Aspects of Lifeguarding
  - 1.5 Lifeguard Physical Fitness
  - 1.6 Lifeguard Ethics and Professionalism
- **2 Rescue Techniques and Equipment** — 6 classes
  - 2.1 Basic Rescue Techniques
  - 2.2 Advanced Rescue Techniques
  - 2.3 Use of Rescue Equipment
  - 2.4 Rescue Scenarios and Simulations
  - 2.5 Water Rescue Techniques
  - 2.6 Rescue Breathing Techniques
- **4 Communication in Emergencies** — 6 classes
  - 4.1 Effective Communication Skills
  - 4.2 Using Communication Equipment
  - 4.3 Team Communication Strategies
  - 4.4 Calming Distressed Individuals
  - 4.5 Information Relay Techniques
  - 4.6 Crisis Communication Principles
- **5 Lifeguard Team Coordination** — 6 classes
  - 5.1 Building a Lifeguard Team
  - 5.2 Team Roles and Responsibilities
  - 5.3 Effective Team Meetings
  - 5.4 Coordination During Emergencies
  - 5.5 Team Training Exercises
  - 5.6 Evaluating Team Performance
- **17 Water Entry, Swimming Skills and Fitness for Rescuers** — 10 classes
  - 17.1 Fitness Requirements for a Lifeguard
  - 17.2 Warm Up and Safe Exercise Habits
  - 17.3 Efficient Front Crawl for Rescue
  - 17.4 Breaststroke and Sidestroke for Approach
  - 17.5 Treading Water and Surface Dives
  - 17.6 Underwater Swimming and Object Retrieval
  - 17.7 Entries From the Poolside Safely
  - 17.8 Swimming With Rescue Equipment
  - 17.9 Timed Swim Practice Sessions
  - 17.10 Fitness Assessment Practical
- **18 Spinal Injury and Deep Water Rescue** — 10 classes
  - 18.1 Recognising Possible Spinal Injury
  - 18.2 Preventing Injury at Pool Edges and Slides
  - 18.3 Approaching a Casualty in Deep Water
  - 18.4 Rescue From Face Up Position
  - 18.5 Rescue From Face Down Position
  - 18.6 Immobilising the Head and Neck
  - 18.7 Using a Backboard in the Water
  - 18.8 Removing a Casualty From the Pool
  - 18.9 Team Roles During Spinal Rescue
  - 18.10 Spinal Rescue Practical Drill

3

First Aid and CPR for Aquatic Settings

18 chapters · 125 classes **100 marks**

- **1 Basics of First Aid** — 5 classes
  - 1.1 Understanding First Aid Principles
  - 1.2 Common Injuries and Treatments
  - 1.3 First Aid Kit Essentials
  - 1.4 Assessing Victim's Condition
  - 1.5 Basic Bandaging Techniques
- **2 Cardiopulmonary Resuscitation (CPR)** — 5 classes
  - 2.1 CPR Techniques for Adults
  - 2.2 CPR for Children and Infants
  - 2.3 Using an AED Effectively
  - 2.4 Recognizing Cardiac Arrest Signs
  - 2.5 Post-CPR Care and Monitoring
- **3 Managing Aquatic Emergencies** — 5 classes
  - 3.1 Identifying Aquatic Hazards
  - 3.2 Emergency Response Planning
  - 3.3 Rescue Techniques in Water
  - 3.4 Communicating During Emergencies
  - 3.5 Post-Emergency Recovery Steps
- **5 Legal and Ethical Considerations** — 6 classes
  - 5.1 Understanding Consent in First Aid
  - 5.2 Good Samaritan Laws
  - 5.3 Confidentiality and Privacy Issues
  - 5.4 Liability and Legal Responsibilities
  - 5.5 Ethical Dilemmas in Emergency Care
  - 5.6 Reporting Requirements for Injuries
- **1 Basic First Aid Principles** — 6 classes
  - 1.1 Understanding First Aid Basics
  - 1.2 Assessing the Victim's Condition
  - 1.3 Managing Bleeding and Wounds
  - 1.4 Recognizing Shock Symptoms
  - 1.5 Stabilizing Injured Persons
  - 1.6 Basic First Aid Equipment
- **2 CPR Techniques and Guidelines** — 6 classes
  - 2.1 Understanding CPR Importance
  - 2.2 Adult CPR Techniques
  - 2.3 Child and Infant CPR
  - 2.4 CPR Sequence of Actions
  - 2.5 CPR for Drowning Victims
  - 2.6 Post-CPR Care Procedures
- **3 Aquatic-Specific Injuries and Treatments** — 6 classes
  - 3.1 Identifying Common Aquatic Injuries
  - 3.2 Treatment for Hypothermia
  - 3.3 Managing Water-Related Cuts
  - 3.4 Dealing with Sunburn and Heatstroke
  - 3.5 First Aid for Marine Stings
  - 3.6 Recognizing and Treating Cramping
- **4 Using AED in Aquatic Emergencies** — 6 classes
  - 4.1 Understanding AED Functionality
  - 4.2 AED Placement and Use
  - 4.3 AED Protocols in Water Settings
  - 4.4 Combining AED with CPR
  - 4.5 AED Maintenance and Checks
  - 4.6 Legal Aspects of AED Use
- **5 Legal Considerations in First Aid** — 6 classes
  - 5.1 Understanding Consent in First Aid
  - 5.2 Good Samaritan Laws Overview
  - 5.3 Liability Issues in First Aid
  - 5.4 Reporting and Documentation Requirements
  - 5.5 Confidentiality and Privacy Concerns
  - 5.6 Emergency Services Collaboration
- **1 Fundamentals of First Aid** — 6 classes
  - 1.1 Understanding First Aid Principles
  - 1.2 Assessing the Scene for Safety
  - 1.3 Recognizing Medical Emergencies
  - 1.4 Basic First Aid Techniques
  - 1.5 First Aid for Common Injuries
  - 1.6 Emergency Action Plans
- **2 Cardiopulmonary Resuscitation Techniques** — 6 classes
  - 2.1 Introduction to CPR
  - 2.2 CPR for Adults
  - 2.3 CPR for Children and Infants
  - 2.4 Using an AED
  - 2.5 CPR Techniques for Drowning Victims
  - 2.6 Post-Resuscitation Care
- **3 Managing Aquatic Injuries** — 6 classes
  - 3.1 Identifying Aquatic Injuries
  - 3.2 Treating Cuts and Scrapes
  - 3.3 Dealing with Sprains and Strains
  - 3.4 Handling Hypothermia
  - 3.5 Managing Heat-Related Illnesses
  - 3.6 Emergency Transport of Injured Persons
- **4 First Aid Equipment and Usage** — 6 classes
  - 4.1 Overview of First Aid Kits
  - 4.2 Essential First Aid Supplies
  - 4.3 Using Bandages and Dressings
  - 4.4 Understanding Splints and Supports
  - 4.5 Maintaining First Aid Equipment
  - 4.6 Innovations in First Aid Technology
- **14 Primary Survey and Casualty Assessment** — 10 classes
  - 14.1 Checking Scene Safety First
  - 14.2 Calling for Help and Using Emergency Numbers
  - 14.3 Checking Responsiveness
  - 14.4 Opening and Checking the Airway
  - 14.5 Checking Breathing for Ten Seconds
  - 14.6 Recovery Position Technique
  - 14.7 Recognising Shock and Its Signs
  - 14.8 Questioning a Conscious Casualty
  - 14.9 Recording Casualty Details and Times
  - 14.10 Primary Survey Practical Drill
- **15 Drowning Recognition and Resuscitation for Infants and Children** — 10 classes
  - 15.1 Drowning Process Explained
  - 15.2 Spotting Active and Passive Drowning
  - 15.3 Rescue Breathing in Water and on Land
  - 15.4 Compression Technique for Infants
  - 15.5 Compression Technique for Children
  - 15.6 Breaths and Ratios by Age Group
  - 15.7 Dealing With Vomiting During Resuscitation
  - 15.8 Continuing Until Help Arrives
  - 15.9 Oxygen Equipment Basics
  - 15.10 Child and Infant Resuscitation Practical
- **16 Bleeding, Wounds, Burns and Fractures** — 10 classes
  - 16.1 Types of Wounds Seen at Pool Areas
  - 16.2 Controlling Severe Bleeding
  - 16.3 Dressings Bandages and Slings
  - 16.4 Treating Minor Cuts and Grazes
  - 16.5 Burns and Scalds Treatment
  - 16.6 Chemical Burns and Eye Splashes
  - 16.7 Recognising Fractures and Sprains
  - 16.8 Supporting Broken Limbs
  - 16.9 Head Injuries and Concussion Signs
  - 16.10 Wound and Fracture Care Practical
- **17 Medical Emergencies and Heat Illness at the Pool** — 10 classes
  - 17.1 Heart Attack Recognition
  - 17.2 Stroke Signs and Quick Response
  - 17.3 Asthma Attacks and Inhalers

4

Pool Risk, Safety Rules and Supervision

32 chapters · 168 classes **100 marks**

- **1 Understanding Pool Supervision** — 4 classes
  - 1.1 Role of a Pool Supervisor
  - 1.2 Importance of Vigilance
  - 1.3 Recognizing Potential Hazards
  - 1.4 Communicating with Pool Users
- **2 Effective Monitoring Techniques** — 4 classes
  - 2.1 Visual Scanning Methods
  - 2.2 Using Technology for Safety
  - 2.3 Maintaining Awareness of Surroundings
  - 2.4 Identifying Distress Signals
- **3 Responding to Emergencies** — 4 classes
  - 3.1 Basic First Aid Procedures
  - 3.2 Emergency Communication Protocols
  - 3.3 Evacuation Techniques
  - 3.4 Post-Incident Reporting
- **1 Standard Operating Procedures** — 4 classes
  - 1.1 Understanding Pool Rules
  - 1.2 Daily Maintenance Checklist
  - 1.3 Monitoring Pool Usage
  - 1.4 Reporting Incidents Effectively
- **2 Emergency Response Protocols** — 4 classes
  - 2.1 Recognizing Emergency Situations
  - 2.2 Basic First Aid Techniques
  - 2.3 Communication During Emergencies
  - 2.4 Role of Lifeguards in Crises
- **3 Creating an Emergency Action Plan** — 4 classes
  - 3.1 Identifying Potential Risks
  - 3.2 Establishing Response Teams
  - 3.3 Practicing Emergency Drills
  - 3.4 Reviewing and Updating Plans
- **1 Identifying Potential Hazards** — 4 classes
  - 1.1 Common Pool Hazards
  - 1.2 Identifying Slippery Surfaces
  - 1.3 Recognizing Electrical Risks
  - 1.4 Assessing Weather-Related Hazards
- **2 Evaluating Risks in Pool Areas** — 4 classes
  - 2.1 Conducting Risk Assessments
  - 2.2 Analyzing User Behavior
  - 2.3 Understanding Lifeguard Responsibilities
  - 2.4 Documenting Risk Findings
- **3 Implementing Safety Measures** — 4 classes
  - 3.1 Establishing Safety Protocols
  - 3.2 Training Staff on Safety
  - 3.3 Regular Safety Equipment Checks
  - 3.4 Creating Emergency Action Plans
- **1 Roles and Responsibilities of Pool Supervisors** — 5 classes
  - 1.1 Understanding Pool Supervisor Duties
  - 1.2 Importance of Safety Protocols
  - 1.3 Effective Communication Skills
  - 1.4 Emergency Response Planning
  - 1.5 Leadership in Pool Management
- **2 Monitoring Pool Activities** — 5 classes
  - 2.1 Observational Techniques for Safety
  - 2.2 Identifying Unsafe Behaviors
  - 2.3 Using Surveillance Equipment
  - 2.4 Maintaining Pool Area Discipline
  - 2.5 Reporting and Documentation
- **3 Handling Guest Interactions** — 5 classes
  - 3.1 Customer Service Excellence
  - 3.2 Addressing Guest Concerns
  - 3.3 Promoting a Welcoming Environment
  - 3.4 Cultural Sensitivity in Interactions
  - 3.5 Conflict Management Strategies
- **4 Signage and Pool Rules** — 5 classes
  - 4.1 Importance of Pool Signage
  - 4.2 Designing Effective Signs
  - 4.3 Communicating Pool Rules
  - 4.4 Legal Requirements for Signage
  - 4.5 Sign Placement Strategies
- **3 Developing Safety Protocols** — 6 classes
  - 3.1 Creating Comprehensive Safety Plans
  - 3.2 Establishing Emergency Response Protocols
  - 3.3 Training Staff on Safety Protocols
  - 3.4 Reviewing and Updating Protocols
  - 3.5 Communicating Safety Protocols Effectively
  - 3.6 Implementing Protocols in Real Scenarios
- **4 Regular Safety Audits and Inspections** — 6 classes
  - 4.1 Conducting Safety Audits
  - 4.2 Developing Inspection Checklists
  - 4.3 Analyzing Audit Results
  - 4.4 Scheduling Regular Inspections
  - 4.5 Involving Team Members in Audits
  - 4.6 Reporting Audit Findings
- **5 Emergency Preparedness Planning** — 6 classes
  - 5.1 Creating Emergency Response Plans
  - 5.2 Conducting Emergency Drills
  - 5.3 Establishing Communication Channels
  - 5.4 Identifying Emergency Resources
  - 5.5 Training for Crisis Situations
  - 5.6 Evaluating Emergency Preparedness
- **1 Importance of Pool Signage** — 6 classes
  - 1.1 Understanding Pool Signage
  - 1.2 Types of Pool Signage
  - 1.3 Legal Requirements for Signage
  - 1.4 Designing Eye-Catching Signage
  - 1.5 Placement of Signage
  - 1.6 Evaluating Signage Effectiveness
- **2 Creating Effective Pool Rules** — 6 classes
  - 2.1 Fundamentals of Pool Rules
  - 2.2 Involving Stakeholders in Rule Creation
  - 2.3 Clarity and Simplicity in Rules
  - 2.4 Communicating Rules to Guests
  - 2.5 Reviewing and Updating Rules
  - 2.6 Enforcement of Pool Rules
- **3 Spa and Hot Tub Safety Guidelines** — 6 classes
  - 3.1 Understanding Spa Hazards
  - 3.2 Safety Features of Hot Tubs
  - 3.3 Temperature Control Guidelines
  - 3.4 Chemical Safety in Spas
  - 3.5 Emergency Procedures for Spas
  - 3.6 Guest Education on Spa Safety
- **4 Educating Guests on Safety Rules** — 6 classes
  - 4.1 Importance of Guest Education
  - 4.2 Methods for Educating Guests
  - 4.3 Using Visual Aids for Education
  - 4.4 Interactive Safety Briefings
  - 4.5 Feedback Mechanisms for Guests
  - 4.6 Reinforcing Safety Messages
- **5 Monitoring Compliance with Safety Rules** — 6 classes
  - 5.1 Establishing Monitoring Protocols
  - 5.2 Conducting Safety Audits
  - 5.3 Role of Staff in Monitoring
  - 5.4 Documenting Compliance Issues
  - 5.5 Taking Corrective Actions
  - 5.6 Reporting Compliance Findings
- **1 Identifying Potential Risks** — 6 classes
  - 1.1 Understanding Risk Factors
